**CENTRE DRIVE CDTIE™ SDS DRIVE TOOL**

*(Aust. Pat. App. No. 2007264783)*

### **SAFER, CONTROLLED CLOSE-QUARTER HAMMER DRIVEN INSTALLATION**

Intelligent design has delivered a low cost, reliable, one-piece setting tool with a unique driving end arrangement, (Aus. Pat. App. No. 2007264783), that provides safer, controlled and close-quarter CDTie™ installations allowing the operator to maintain both hands on his drill. This eases installation, improves safety and control whilst eliminating the need for long cumbersome and expensive telescopic spring-loaded tools.

- Drive Tools for Thor Helical 9mm and 12mm Diameter - Long Wall Ties
